	1105	20	5	46	6	12	36

- It is with sadness that we announce a new outbreak at the Ste-Geneviève site. All measures are in place to control the spread.
- Our thoughts are always with the families who have lost a loved one since the beginning of the pandemic and the entire Excelsoins teams sends their sincere sympathies.
- We would like to thank everyone for their cooperation: residents, caregivers, staff members and network partners for vigilance regarding compliance with infection prevention instructions.
