

VOLUNTEERS AND FAMILY CAREGIVERS

Excelsoins is asking for help from its community to integrate volunteers and caregivers in the fight against COVID-19 in its residences. To find out the terms and conditions that accompany the launch of our recruitment campaign, we invite you to click on the link for volunteers or caregivers.

If you wish to register, we ask you to complete the volunteer or caregiver pre-triage questionnaire and send it to us by email at tousensemble@excelsoins.com to allow us to begin the process.

We will contact all of our volunteers to coordinate the start of these activities in our residences. Please note that security and the fight against COVID-19 remain the priority. We are counting not only on the help of our community, but also on their understanding as we begin to reopen our residences. We all so much wish to succeed in erasing fear and bringing back joy in our residences.

Your support is precious, and we count on everyone's collaboration to keep everyone safe.
